****Passage for the Month****

IN ALL THINGS GIVE THANKS TO GOD (Psalm 50:23)

Giving thanks to God is **not** an optional thing for the Christian. Thankfulness to God for His love, care for us, and His provision for our salvation permeates both Old and New Testaments. In the Old Testament, giving thanks to God was often done through the Levitical sacrifice. In several instances, specific people were assigned the task of giving thanks to the Lord.

Thankfulness should flow naturally from the Christian who realizes the great gift of salvation offered through the sacrifice of Jesus Christ on the cross. Jesus Christ suffered the penalty for what He did not deserve (all my sin), then freely offered to me the reward (eternal life) that I did not deserve. What an awesome God! The goal of the Christian is to be transformed into the image of Jesus Christ. As a model for us, Jesus often gave thanks for food and answered prayer.

Yes, the Bible does tell us to give thanks in **everything**. We often complain to God about all the bad things that have happened to us - things we did not deserve, and definitely did not want. How can we be thankful for everything? First, we have a God who answers prayer, so that we should never be anxious about any situation. Second, although things may seem to be bad, we are told that God causes all things to work together for good to those who love God and are called according to His purpose. Some examples of who God uses "bad" things in our lives can be seen from my personal story below.

A LIVING TESTIMONY OF RICH

After graduating with a masters degree in 1979, He began his career doing research in the field of immunology. Things went very well and within six years he had published eight articles in prestigious scientific journals. He was running his own life and ignoring God until he got very sick. The tests revealed he had Crohn's disease, a serious, incurable inflammatory disease of the intestines. He found himself unable to do things using his own abilities and strength. The medicines were not working and he found himself being bedridden in severe pain for two months. he cried out to God and promised to try to follow Him and do what He wanted me to do (although he had no idea what that was at the time). Within three months all symptoms of Crohn's disease had disappeared. It was a miracle that demonstrated God's love for him. Three years later, when he heard the message of salvation, he was ready to accept it, because he knew of God's love and power. He was even grateful for the suffering, since, without it, I would have probably never turned to God.

Since that time, he had gone through other trials that, although not pleasant, have made me grow in faith and reliance upon God. His wife has a brain tumor that was diagnosed in September, 1996. Although originally given 3-7 years to live, she is in remission, and the tumor has not grown since that time. The prospect of raising three active boys on his own is not something that he look forward to, but he knew that God will give him the strength to do so should that be necessary.

The reality of life's fleeting existence has been a constant reminder and caused us to focus on the more important things of life.

Scripture says, *'All things works together for good to them that love God'*

I pray that you will thank God for all things, so that you will see the salvation of the in your life. Have a blessed month and do not throw in the towel.

God bless you. Amen

**EBENEZER ASSEMBLY
