**\*\*Passage for the Month\*\***

**When the Spirit comes there will be transformation (I Samuel 10:6)**

Transformation is paramount importance in the life of every believer since is the only indication of our genuine repentance from dead works and segregate us from the world. Transformation in this context means “being transfer from kingdom of darkness to God’s glorious kingdom unto good works which happens in the state of our mind according to Romans 12: 2 which says “but be ye transform by the renewing of your mind.” The question is how does this godly transformation occur? First it must be understood that by the flesh shall no man prevail, instead it is the Spirit that give eternal life (John 6: 63). The essence of the Holy Spirit is to live inside the believer and guild the actions of those who desire for transformation. Nevertheless, until the born again believer allows the Holy Spirit to residence in him and takes total course of his or her life transformation unto good work will be impossible to execute. The presence of the Holy Spirit in the believer’s life is to activate him as a workmanship created in Christ Jesus unto good works.

When the Spirit of the Lord came upon Saul he began to prophesy. The primary work of the Holy Spirit is to transform us so that we can become transformers to others. It is very essential to know that every believer is a potential instrument God is ready to use to build His victorious and triumph church here on earth. But the responsibility rest on the individual Christian to yield himself up for the Holy Spirit. When the Holy Spirit comes upon the believer he stirs him to do greater things and also to build up his relationship with God and his fellow men. The outward evidence of the presence of the Holy Spirit in believer’s life is a complete transformation which is witnessed by those who knows you. We all have been grace with different gifting but not until we allow the Holy Spirit to take it full course in our lives these gifting will become of no use to the church. You will be amazed what the Holy Spirit can use you to achieve in others live when you desire for him and submit your will to him. Christianity is about submitting your will to God and taking up his will, always ready for his master’s use. Why are we not witnessing much in our lives and the church today is compare to the early church? The answer is simply- is because we don’t seek him much often as individuals and as a church. God said to Jeremiah, when you seek me you will find.

It is about time we start seeking vehemently for the Spirit to bring about transformation to the church, to our lives, and to the world as a whole. If there is anything you desire so much this year 2010, let it be the Holy Spirit and you will witness transformation in every aspect of your life. Amen.
